

Performing for the 1st time

by *Tarek Halaby*

Technical rider (V1.0)

General info

Performers	1
Technicians of company	0
Time for setup & rehearsal	4 hours
House technicians for setup	2
Duration of the show	40 minutes

Stage

A desk or table onstage for my laptop and a chair to sit on.

Lights

I don't really have technical specifications.

Just some basic lighting that we can play around with...to have general lighting on stage, the ability to shift focus between the two sides of the stage, a spot or special or overhead, as well as the possibility to back light either the wall or the back part of the stage so that I am in silhouette.

Whatever we can do simply to shift lighting on stage.

Sound

1 handheld microphone (speech, shure SM58 e.g.)

1 megaphone

P.A. system

1 mixing desk

And to be able to plug my laptop into the sound system from on stage
